Manish Kumar Sinha

UI/UX Designer | Product Designer

Bengaluru, India • **manishsinha2612@gmail.com** • **+91-8298089548** • **LinkedIn** • **Behance** • **GitHub**

PROFESSIONAL SUMMARY

Entry-level UI/UX Designer with a strong foundation in user-centered design, interaction design, design systems, wireframing, prototyping and usability testing. Skilled in designing intuitive web and mobile experiences using Figma and React.js while applying accessibility, information architecture and responsive design principles.

TECHNICAL SKILLS

Design Tools	Figma, Adobe Photoshop, Illustrator, After Effects
UX Methods	User Research, User Flows, Wireframing, Prototyping, Design Systems, Journey Mapping, Usability Testing, Heuristic Evaluation
Frontend	React.js, HTML5, CSS3, Responsive Design
Branding	Logo Design, Brand Identity, Typography, Color Theory
Mobile	iOS Human Interface Guidelines, Material Design
Core Skills	Accessibility (WCAG 2.1), Information Architecture, Component Libraries, Cross-functional Collaboration

PROJECTS

Inkriti — Tattoo & Piercing Marketplace App | *User Research, UI/UX Case Study, Brand Identity, Mobile App* View Project

- Conducted user research with **20+ participants** and competitor analysis to identify pain points in artist discovery, booking, and trust, resulting in a simplified end-to-end booking experience.
- Designed **40+ high-fidelity mobile screens** covering onboarding, artist discovery, booking, custom tattoo requests, reviews, aftercare, and community engagement.
- Built a scalable **design system** with **35+ reusable components**, typography, color tokens, icons, and Auto Layout, improving design consistency and reducing repetitive design effort.
- Designed trust-focused features including verified artist profiles, hygiene badges, ratings, reviews, transparent pricing, and portfolio showcases to improve user confidence throughout the customer journey.
- Created the complete product branding including logo, visual identity, iconography, and interactive prototypes while following **WCAG 2.1** accessibility and mobile-first design principles.

RideOne — Rider Ecosystem Mobile Application | *Figma, Ui Design, Interaction Design, Design System, Mobile App* View Project

- Designed a rider-focused ecosystem with **100+ mobile screens** integrating vehicle marketplace, riding gear shopping, gear rentals, trip planning, and rider community features into one seamless experience.
- Performed heuristic evaluation, user journey mapping, and task flow optimization that reduced navigation complexity and shortened major user journeys by approximately **30%**.
- Developed a reusable design system containing **50+ UI components**, variants, Auto Layout, and design tokens, enabling faster design iterations and improving developer handoff.
- Designed the **Trip Mode** experience featuring group ride planning, shared expense tracking, SOS support, live communication, and ride management to encourage long-term rider engagement.
- Delivered interactive prototypes, responsive mobile interfaces, and developer-ready specifications following Material Design, iOS Human Interface Guidelines, and accessibility best practices.

CareMotiv — Healthcare Web Application | *React.js, UI Design, Responsive Design, Accessibility* View Project

- Designed responsive **Home, Login, Sign Up, and OTP Verification** screens for a healthcare web application, focusing on intuitive onboarding and seamless user authentication.
- Created reusable UI components, responsive layouts, and high-fidelity prototypes in Figma while following **WCAG 2.1** accessibility guidelines and modern design principles.
- Collaborated on the React.js implementation by providing developer-ready UI specifications, design assets, and interaction details for consistent frontend development.

PG Program in UI/UX Design **2025–2026**

ICAT Design & Media College, Bengaluru

Relevant Coursework: Interaction Design, User Research, Design Systems, Wireframing, Prototyping, Information Architecture.

CERTIFICATIONS

- PG Program in UI/UX Design — ICAT Design & Media College
- Diploma in Computer Applications — CEC Group of Education
